MEMORANDUM FOR MEMORANDUM FOR Director, United States Army Installation Management Agency, Europe Region Office, UNIT 29353, BOX 200, APO AE 09014-0200 (ATTN: SFIM-EU-ZS)

SUBJECT: Certificate to Operate Waiver For BALU-Erfassungsmodul (BALU)

1. A Certificate to Operate (CTO) waiver is granted for BALU-Erfassungsmodul (BALU). This waiver is valid until a major upgrade or change to the software infrastructure is fielded. This waiver is based on the review of the SSAA and/or supporting documentation, stating that BALU is a stand-alone software application.
2. Per NETCOM Networkiness Certification Implementation Plan for Automated Systems Draft, dated 15 October 2003, stand-alone software applications, not requiring a dedicated server or workstation do not require a CTO.
3. IMA-E must update their generic network accreditation to reflect the addition of this software, as applicable.
4. HQ USAREUR CIO/G6 Point of Contact is Matthew Montano, DSN (314) 370-7107, e-mail: matthew.montano@us.army.mil.
